

Attention Motorists and General Public

Tumpuna Road Pipe-Laying Exercise

The National Gas Company of Trinidad and Tobago (NGC) will be conducting a pipe-laying exercise along Tumpuna Road in the vicinity of Amalgamated Industries and EIL.

This project is intended to start on:

Wednesday 3rd November and end on
Tuesday 30th November, 2010.

During this time, every effort would be made by NGC to have minimal disruption of traffic, however residents and road users should expect heavy equipment traffic and partial diversions along the Tumpuna Road in the vicinity of Amalgamated Industries and EIL.

In the event of any traffic disruption, the Trinidad and Tobago Police Service will be present to ensure the smooth diversion of traffic.

NGC wishes to apologise for any inconvenience caused and to assure you that this exercise, as with all our operations, will be conducted with your safety as our highest priority.
