

The RUSH Is On

"Exciting" "exhilarating" "that game was awesome" These were just some of the many different views expressed by the students of competing schools about NGC's Gas Rush Game. With broad smiles and racing hearts the students stepped up to the buzzers as competitors yet they managed to come away as both friends and winners.

The competition got into full swing on Wednesday March 4th with schools from the Victoria school district competing at City Hall, San Fernando. Enthusiasm for the game was evident from the "get go" with screams of excitement coming from the supporters who at times had the roof of the hall jumping off its hinges. Students clearly knew their gas facts as some of them kept blurting out the answers before they even buzzed in. The amount of learning showed up again in the match ups as some of the games came down to using the final question as the tie breaker. With healthy rivalries between some schools, victory tasted all the sweeter as nail biting finishes became the order of the day.

Another venue, the NIHERST Science Centre, hosted the St. George East and North Eastern school districts which were equally as exciting. The teams fought hard to be the best in their district as last minute cramming sessions seemed the rage. We saw a lot of grit and determination shining through as the days' games wore on with teams battling back from losing positions to go on and win much to the joy of their supporting posses. Special mention has to be made of S.W.A.H.A. Hindu College who managed to bring twenty-four supporters, all of who made sure their voices were heard.

Altogether Gas Rush managed to touch almost six hundred students in just these three educational districts and NGC looks forward to the upcoming schedule of games. As always we like to thank the teachers because we know how valuable their time is as well as the competitors who always bring the games to life.

Still to come

Tobago

- Bishop's High vs Pentecostal Light & Life Foundation
- Roxborough Composite vs Goodwood High
- Signal Hill vs Speyside High
- Mason Hall Secondary vs Scarborough Secondary

Caroni

- Waterloo High vs Preysal High
