2.

3.

When it comes to youth development in sport, The National Gas Company of Trinidad and Tobago Limited (NGC) does not just give support in fulfillment of a corporate mandate. For us, it is a passion and source of great pride to help nurture the immense talent of our nation's future athletes.

Our involvement in the Primary Schools' Games has spanned 10 years in the St. Patrick District, 12 years in Moruga and 21 years in the Caroni District. Over the years, the Games have enriched these regional communities, with the schools benefiting from athletic training and development, and their top emerging athletes being selected to participate in the National Primary School Games, the

premier annual sporting event at this level. As such, the Games have become the starting blocks for school and community growth, and for the development of our country's future sporting stars. NGC is proud to be associated with these events, and congratulates all participants and organizers for their hard work and outstanding success.

**Through sustained investment in the Primary Schools' Games, NGC reaffirms its commitment to help our youth achieve their highest potential, to shine as symbols of the excellence of our nation.**

1. The St. Patrick Educational District hosted the annual St. Patrick District Games on Friday 17th April 2015, at Coronation Park, Point Fortin.

2. The Moruga Zonal Primary Schools Athletic Committee hosted the 2015 edition of the Moruga Zonal Games on Tuesday 3rd March, 2015, at the Grand Chemin Recreation Ground.

3. The 58th edition of the Caroni District Games was held on Wednesday 18th March, 2015 at the Mannie Ramjohn Stadium.
