

# Come journey with Monkey & Iguana

NGC will take you on an exciting forest adventure at  
the upcoming **Niherst Sci-TechKnoFest 2-15 May**  
Niherst/NGC National Science Centre, D'abadie

Hey Kids!  
Welcome to NGC's forest  
adventures! Monkey and I will take you  
through the forest, along Rights of Way or  
pathways, where you will find buried natural  
gas pipelines and other fascinating  
things to see.

Find out  
firsthand what happens in a  
Right of Way and how to live safely  
near gas pipelines. NGC will have Forest  
Guides on hand to answer any of  
your questions.

Look for our booth on the Ground Floor,  
Disaster Awareness & Preparedness Section,  
opposite the Aquatic Centre and see what  
you can learn and discover!
